Re: UNS Electric, Inc.'s 2016 Electric Energy Efficiency Plan
Docket No. E- 04204A-14-0178

The Electric Energy Efficiency Standards set forth in the A.A.C. R14-2-2405.A require UNS Electric, Inc. ("UNS Electric") to submit on June 1 of each odd year, or annually at the election of the utility, an Implementation Plan describing how the Affected Utility intends to meet the energy efficiency standard for the next one or two calendar years, as applicable. On June 2, 2014, UNS Electric filed its proposed 2015 Electric Energy Efficiency Implementation Plan ("2015 Plan") and related request for waiver.

The 2015 Plan is still pending Arizona Corporation Commission ("Commission") approval. Since UNS Electric will not be proposing any programs or measures not otherwise requested in the pending 2015 Plan, and pursuant to discussions between UNS Electric and Commission Staff, UNS Electric requests that the Commission hereby consider its pending 2015 Plan as its 2015/2016 Plan and related request for waivers.
